High lifting capacity

New in the fleet!

K300E

Trailer mounted boom lift

The K300E demonstrates that power and durability can be perfectly combined. Thanks to the 22 kW lithium iron phosphate battery, this crane operates fully electrically. It can drive and lift without emissions, operating quietly, cleanly, and powerfully.

This trailer crane lifts up to 1,500 kg and, with a load of 250 kg, has a horizontal reach of up to 21 meters. The crane features a manually extendable and foldable jib for added flexibility.

Radio-control

High lifting capacity

Technical specs

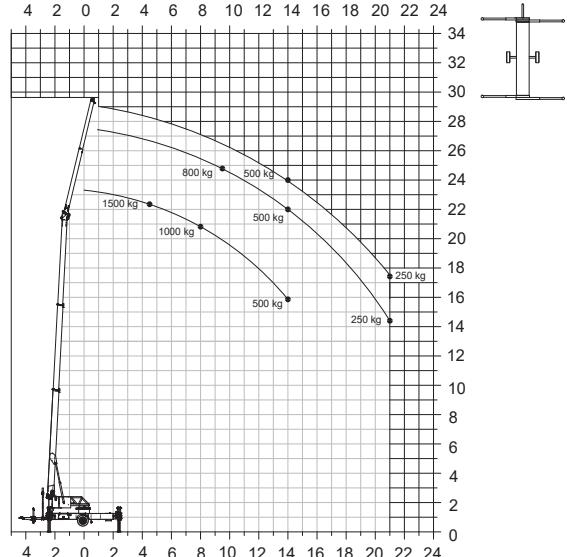

Type	K300E
Rental number	966130
Hook load (kg)	1.500
Hook height (m)	29,80
Boom length (m)	30,70
Outrigger width (min) (m)	3,60
Outrigger width (max) (m)	5,04
Total weight (kg)	3.500

Dimensions

Length (m)	9,24
Width (m)	2,28
Height (m)	2,59

Charging options

Battery (V)	220
-------------	-----

100% elektrisch

Laden middels 220v

Geleidelijke start-stop van de functies voor gecontroleerd werken

Afstempen met afstandsbediening

Handmatig uitschuifbare jib

Inschuifbare dissor voor minimale opstelruimte

Head office

Nusterweg 100-102
6136 KV Sittard
