Telehandler 5507 – Built for the toughest applications

The Kramer 5507 telehandler combines the best of two worlds – the sturdiness of a wheeled loader with the lifting height of a telehandler. The small outside turning radius thanks to the all-wheel steering and the fast loading cycles increase efficiency on site, even when space is limited. The ergonomic and functional cab ensures stress-free working. The different working modes of the Smart Handling overload system offer safety and comfort.

- 5.5 tonne of payload and 7 metres maximum lift height
- Low fuel consumption and high torque (115 kW Deutz, emissions level 3b)
- Variable Ecospeed transmission
- Very spacious panoramic cab provides maximum driver comfort and superb all-round visibility
- Extremely sturdy build quality thanks to the U-frame box section design and lateral guidance of the stabiliser

Technical specifications

Operating data

Bucket capacity (standard bucket)	1.6 m ³
Operating weight (without add-on equipment)	9,200 kg

Engine / Motor

Engine / Motor manufacturer	Deutz
Engine performance	115 kW

Power transmission

Travel speed	20 km/h
Differential lock	100 % connectible
Standard tires	405/70-24

Steering and operating hydraulics

Flow rate (pump)	187 l/min
Pressure (maximum)	260 bar

Kinematics

Payload (LSP = 500 mm)	5,500 kg
Payload (for max. lifting height)	4,000 kg
Payload (for max. range)	2,000 kg

Additional technical data is available in the detailed brochure within the informational material section

Dimensions

A	Length (including tool frame)	4,985 mm
B	Length (with standard bucket)	6,160 mm
C	Width	2,500 mm
D	Track width	1,995 mm
E	Height	2,460 mm
F	Inside width (w/o wheels) (cab)	990 mm
G	Wheelbase	2,950 mm
H	Ground clearance	418 mm
I	Center of rear axle to end of vehicle	950 mm
J	Height (total with rotating beacon)	2,710 mm
K	Rear actuation angle	36 °
M	Tipping angle (standard bucket down)	45 °
N	Tip-out angle (standard bucket up)	41 °

P	Overhead loading height (extended)	6,835 mm
Q	Dumping height (extended)	6,183 mm
R	Dump reach (extended)	495 mm
V	Height (telescopic arm seating on the frame)	1,761 mm
W	Distance (middle of front wheel to quick change plate)	753 mm
X	Height (retracted bucket bolt)	5,092 mm
X	Height (extended bucket bolt)	7,409 mm
	Stack height (extended)	7,017 mm
	Turning radius (over tyres)	3,755 mm
